

SUMMARY OF QUALIFICATION:

Front-end/Back-end developer with 15 years of IT experience and 8 years experience dedicated to web-development and security auditing of web applications. Over the 9 years I was working on a various positions and different departments in a big Cloud and Shared Hosting company: 5 of them were in the Tech Support(Customer Relation) department and 4 in IT as a Ruby/Rails developer. My previous experience also includes:

- Work with the project managers to plan, estimate and allocate resources to projects and tasks. Supervising the whole projects' life cycles, starting from initial proposal and requirements gathering finishing execution and release planning.
- Work as a Team Lead within more than 5 projects leading both local and remote team members. Mentoring and supervising junior and middle ruby/js developers.
- Collaborating with remote team members from Romania, India and the USA.
- Work with legacy code, refactoring and optimizing web-applications.
- Security researching and legal penetration testing.

PERSONAL INFORMATION:

LinkedIn: <https://linkedin.com/in/rrott> GitHub: <https://github.com/rrott> Portfolio: <https://rrott.com>

Languages: English – upper-intermediate level. Ukrainian – native.

SKILLS:

These are only a few technologies that I use on a daily basis while there are a lot of interesting libraries in the Ruby and JS worlds that I used in various projects or for self-education:

Ruby, JavaScript/TypeScript/CoffeeScript	- as main languages.
Ruby on Rails, Sinatra/Padrino	- as Ruby frameworks.
React/Redux, Svelte	- as JS frameworks for creating SPA
Rspec/Capybara, Jasmine	- as test frameworks.
AWS	- as a cloud solution.

EDUCATION**Zaporizhzhya National University of Ukraine**

Specialty: Economic Cybernetics;

Degree: Mathematician, Economist. Second cycle of higher education.
